## WHY DO YOU WANT TO WORK FOR US

1

Most companies want to recruit people who are enthusiastic about the company and its products. They don't want people on the team who "ended up there by accident". So this is your chance to show why working for the company is important to you and why you think you will fit in.

## WHAT INTERESTS YOU ABOUT THIS JOB?

When you're asked what interests you about the position you are interviewing for, the best way to respond is to describe the qualifications listed in the job posting, then connect them to your skills and experience. That way, the employer will see that you know about the job you're interviewing for (not everyone does) and that you have the qualifications necessary to do the job.

# TELL ME ABOUT YOURSELF?

5

This is not an invitation to ramble on. If the context isn't clear, you need to know more about the question before giving an answer. In such a situation, you could ask, "Is there a particular aspect of my background that you would like more information on?" This will enable the interviewer to help you find the appropriate focus and avoid discussing irrelevancies.
